

**If there is a concern about the delay of the appointment, or any deterioration in the patient's condition, please send an updated referral with additional information.**

**If the patient's care needs have become urgent, please call the unit registrar on call on 9076 2000.**

**Please fax referrals to The Alfred Specialist Clinics on 9076 6938.** [The Alfred Specialist Clinics Referral Form](#) is available to print and fax. Where appropriate and available, the referral may be directed to an alternative specialist clinic or service.

Notification will be sent when the referral is received. The referral may be declined if it does not contain essential information required for triage, if the condition is not appropriate for referral to a public hospital, or is a condition not routinely seen at Alfred Health.

The clinical information provided in the referral will determine the triage category. The triage category will affect the timeframe in which the patient is offered an appointment.

**The following conditions are not routinely seen at Alfred Health:**

- Patients who are being treated for the same condition at another Victorian public hospital
- Children under 18 years of age

**GPs are welcome to contact the Alfred Clinical Haematology Service for clinical advice - to speak with a Haematology Consultant, please phone 9076 3451.**

Some clinics offer private consultations in public rooms. If the patient chooses to be seen as a private patient, **please provide a referral to a named specialist** to comply with MBS billing requirements. There is no out-of-pocket cost to the patient. Please note the patient may be seen by another consultant in that clinic to expedite their care.

The times to assessment may vary depending on size and staffing of the hospital department.

**If there is a concern about the delay of the appointment, any deterioration in the patient's condition, or if an urgent specialist opinion is required, please contact the Haematology Registrar on call on 9076 2000.**
